It's All Greek to Me Year 5 Spring 2

What do you think is the most important achievement/influence from Ancient Greeks on the western world?

This term we are learning how to be a **politician**. We will discover what their job involves and how the Ancient Greek's inspired democracy that we know today.

In geography we will be looking at 6-figure grid references and OS maps. We will be looking at how we can use them to navigate our local area and creating our own map of the school.

As scientists we will be learning about life cycles and investigating the difference between the life cycles of different animals, including mammals, birds, fish, reptiles and amphibians.

As artists we will design sculptures (clay pots) to explore form and structure. We will use techniques and implements to add detail and create particular effects. We will also learn about Grayson Perry and his style of art.

Vocabulary... ask me what these words mean...

Geography - grid reference, symbols, key

Art - scoring, surface, slip, adding and removal

Stand Alone Subjects

In PE, we will learn about...

...teambuilding and basketball.

In Personal Development we will learn...

...how to relate to and understand one another, and how to recognise and create healthy relationships.

In RE we will think about...

...how sacrifice is understood in Christianity.
